

**Process Instrumentation | Valve Automation | Safety Systems**

**Specialized Process Knowledge. Customized Products. Delivered on Time.  
We Help Keep Your Plant Running!**

## INSTRUMENTATION

### FLOW

<b>Brooks Instrument</b>	Thermal Mass Meters and Controllers, VA Rotameters
<b>Flomec</b>	Oval Gear, Clamp-on & Turbine Meters
<b>Badger Meter</b>	Electromagnetic Flow Meter, Positive Displacement Meter, Turbine Meters, Impeller Meters
<b>Dynasonics</b>	Clamp-on Ultra Sonic Flow Meters
<b>Sage</b>	In-line & Insertion Gas Flow Meters
<b>Sparling</b>	Tigermag, Vortex, Propeller Flow Meters
<b>Air Monitor</b>	Air Flow Measuring Probes & Stations, Electronic dP & Flow Transmitters, Static Air Pressure Sensors
<b>Meinecke Meters</b>	Industrial Turbine Water Flow Meters

### NETWORKING & COMMUNICATION

<b>Phoenix Contact</b>	Wireless, Device Connectivity, Signal Integrity
------------------------	---

### ANALYZERS

<b>Ametek</b>	Tunable Diode Lasers, UV & IR Analyzers, Mass Spectrometer, Moisture Analyzers, Lab Analyzers
<b>Horiba</b>	Multi-Gas Portable Analyzer, Stack Gas Analyzer, Continuous Emission Monitoring Systems
<b>Valmet Consistency</b>	Microwave, Shear Force, Optical Transmitters & Sampling
<b>Advanced Instruments</b>	Trace Gas, H2S & Oxygen Analyzers
<b>M4 Knick</b>	pH, ORP, Conductivity, Dissolved Oxygen Analyzers/Transmitters

### LEVEL

<b>Jogler</b>	Laser Transmitters, Magnetic Level Gauges, Magnetostrictive Transmitters, Sight Flow Indicators
<b>Nivelco</b>	Guided Wave Radar Level Switches & Indicators
<b>Igema</b>	Magnetic Level Gages, Float Switches, Boiler Water Monitoring, Level Probes, Reflux Level Gages
<b>Hawk Measurement</b>	Level Transmitters, Switches, Gauges

### PRESSURE & TEMPERATURE

<b>Wika</b>	Pressure & Temperature Gauges and Transmitters, Diaphragm Seals
<b>T-Tec</b>	RTDs, Thermocouples, Thermowells

**BROOKS**  
INSTRUMENT

**FLOMECC**

**Badger Meter**

**Dynasonics**

**SAGE**  
METERING, INC.

**AIR MONITOR**  
AIRFLOW MEASUREMENT SOLUTIONS

**AMETEK**  
PROCESS INSTRUMENTS

**HORIBA**

**Valmet**

**M4Knick**

**JOGLER**  
PREMIER LEVEL PRODUCTS

**NIVELCO**

**WIKAI**

## SAFETY SYSTEMS

### PRESSURE MANAGEMENT

<b>Continental Disc</b>	Rupture Discs & Holders, Vent Panels, BDI Alarm Systems
<b>Groth</b>	Pressure/Vacuum Relief Valves, Flame & Detonation Arrestors, Blanket Gas Regulators, Tank Venting
<b>ARI Reyco</b>	Full-Nozzle Safety Relief Valves, Semi-Nozzle

### GAS DETECTION

<b>Draeger</b>	Fire & Gas Detection, Custom Systems, Portable Gas Detectors
----------------	--

### PLANT PROTECTION

<b>Bartec</b>	Electric Trace Heating & Frost Protection
<b>Parker Parflex</b>	Steam & Electric Trace Process Bundled Tubing
<b>Titan</b>	Basket Strainers, Duplex Strainers, Y Strainers, Pump Valves
<b>Honeywell Iris</b>	Flame Scanners, High Energy Safe Combustion Ignitors
<b>Hughes</b>	Safety Showers & Eye Washes

## VALVES & CONTROLS

<b>Metso – Neles</b>	Control Valves, Segment, Rotary Plug, Globe Metal Seated Ball & Butterfly Valves, Digital Positioners, Emergency Shutdown
<b>Metso – Jamesbury</b>	Soft Seated Ball Valves, High Performance Butterfly Valves, Pneumatic and Electric Actuation
<b>Metso – StoneL</b>	Mechanical, Solid State and Digital Switching, Industrial Components from Field Devices to Network
<b>Parker</b>	Instrumentation Fittings, Valves, Quick Connect
<b>Apollo</b>	Ball Valves, Butterfly Valves, Gates & Globes, Safety Relief Valves
<b>Rotork</b>	Process Control Actuators, Electric Actuators, Digital Positioners
<b>Adams</b>	Triple Offset Valves, Double Eccentric Valves
<b>Hammel Dahl</b>	Linear Globe Valves, Angle Valves, Severe Service Valves
<b>Flo-Tite</b>	Ball Valves, Actuation and Controls
<b>ITT</b>	Conoflow regulators, Neo-Dyn switches
<b>Newco</b>	Gate, Globe & Check Valves
<b>Topline</b>	Stainless Steel Sanitary Valves and Pumps

Cross Company was founded in 1954 and is 100% employee-owned (ESOP Since 1979), so every associate has a personal stake in the success of our company.

Cross Company is a technology leader in diversified solutions for process control & instrumentation, calibration, machine & factory automation, systems integration and mobile hydraulics technologies.

Cross' Instrumentation Group is focused on applying technologies including Process Measurement, Valve Automation, and Safety Systems to help our customers.

We have Account Managers located throughout the Southeast supported by Product and Technology Experts.

We have Millions of dollars worth of inventory to provide timely delivery to meet our customers needs.

Cross' eCommerce capabilities allow for convenient ordering for our customers around the world.

Cross Company is financially secure and focused on growth, both organically and through strategic acquisitions.

We utilize centralized corporate IT, Finance, HR, Inventory and Marketing allowing for concentrated sales efforts by local, specialized sales teams.

Our Corporate Marketing focuses on developing opportunities across all business units.

**Serving the Southeast**
