

Pocket Stroboscope

KFG-2202

Internal rechargeable lithium ion battery uses the latest “smart charge” technology for the longest possible life and a 2-hour run time on a single charge.

Includes

- Traceable calibration certificate
- Resolution of ± 1 RPM over the entire range with precise flash control and drift-free operation
- Bright XENON flash intensity (over 1200 Lux) with life of 200 million flashes
- Universal AC-adaptor/charger (100 – 240v AC) with plug adapters provided for use in North America, Europe, United Kingdom and Australia
- The Pocket Stroboscope easily measures RPM of rotating or reciprocating parts without contact it allows moving parts/machinery inspection by “freezing” or “slowing down” the action using stroboscopic effect
- Provides one hand operation, yet delivers performance comparable to much larger and heavier pistol-grip type models. It is an ideal choice for industrial, laboratory, R&D and academic environments

Supplied in fitted hard case with accessories and charger.
