

ADVANCED SOLUTIONS FOR 3D MEASUREMENT

Cross Precision Measurement is offering workshops for you to experience the fast, accurate and affordable Kreon 3D Scanners. We will use our Kreon laser scanner and portable CMM to produce a point cloud or polygonal mesh report of any part you bring. **Any part, any size, free!**

ONE HOUR WORKSHOPS ARE AVAILABLE AT A CROSS LOCATION NEAR YOU ANYTIME FROM 8:30 AM -5:00 PM

Huntsville, AL - Tuesday 4/11

Raleigh, NC - Wednesday 4/19

Chattanooga, TN - Wednesday 4/12

Greenville, SC - Thursday 4/20
