

**What do
automation, bbq
and precision
measurement have
in common?**

Open House 2025!

FEATURING AUTOMATION AND PRECISION MEASUREMENT SOLUTIONS FROM CROSS!

October 9-10, 2025 • 10am - 2pm • 6541 Franz Warner Parkway, Whitsett, NC 27377

DEMO

- See OGP's newest SmartScope - the M Series!
 - RX Solutions Metrology CT Scanning
 - Precision motion control in an Allen Bradley environment
 - Try crimping a Parker hydraulic hose!
 - Scale products from Ohaus, Rice Lake and Avery Weigh-Tronix
 - Formtracer Avant and other measurement solutions from Mitutoyo
 - Robotic palletizing solutions
 - Vision inspection systems
- And more....

MEET

- Service professionals who handle your calibration requirements
- Automation engineers and discuss your production challenges
- Representatives from Cross's Hose & Fittings group, for all your hydraulic and industrial hose and fittings needs
- Cross's Process Solutions group, which helps you measure, control and safely operate your process plant

EAT

It wouldn't be an open house if we didn't have some of the best BBQ in NC!

RSVP using the QR code or by emailing marketing@crossco.com for a free gift!

LEARN

Seminars including:

- Managing risk in an ISO setting
 - Decoding calibration certificates and uncertainties
 - Drift charts: what are they and how can you use them
- And more....
